

Week 7: Celebrate achievements of self and others respectfully

At St Columbkille's we strive to continually support and improve academic and social outcomes for our students utilising the PB4L (Positive, Behaviours for Learning) framework. This week the PB4L focus is on showing respect by celebrating achievements of self and others respectfully and remembering our school's core values of being *Respectful*, *Responsible* and *Safe* being practised and observed.

When celebrating the achievements of self and others, students should....

Respectful 	• Look and listen at the person speaking • Celebrate student achievement by clapping only • Applaud appropriately • Receive the award with gentle hands
Responsible 	• Finish applauding in an appropriate time • Join in when others are applauding • Take care of your awards
Safe 	• Keep your body to yourself • Listen for if you hear your name • Walk safely to receive your award
